

THE CONSERVATION CAMPOREE

September 24-26, 2010

The Conservation Camporee is a great opportunity for your Scouts to earn service hours and to learn about the conservation of nature. Our base camp will be Camp Shenandoah where we will branch out into Camp and the surrounding community to help clean up and preserve the environment. The goal is to not only help youth better understand their impact on the earth, but also to build better relationships with our neighbors at Camp. This is going to be a fun filled weekend packed with service learning opportunities. More information will follow, but for now please mark your calendars!!!
